Meet Isla Willett

2025 Eggnog Bottle Design Contest Winner

This year's Eggnog Bottle Design winner is 12-year-old Isla Willett, a 7th grader at Summit Middle School. Isla has always loved art, but this was her first time entering the contest—and her creativity shone through!

When she's not drawing, Isla stays busy with a competitive rock-climbing team, playing the cello and piano, and baking with her parents (she dreams of owning a bakery with her two best friends someday). She also loves traveling with her family and spending time with her English sheepdog, Rosepepper. And when it comes to Longmont Dairy favorites? Isla says, "I just can't lie, the eggnog!"

16 Million and Counting!

Since 2012, our Milk Caps for Moooola program has given Colorado schools a simple, fun way to raise money—just by collecting Longmont Dairy milk caps! What began with 25,000 caps the first year has grown to an average of 45,000 caps collected every week during the school year, with more than 400 schools now participating. Started by our longtime Community Service Director, Gary Schlagel, and guided by him until his retirement in June 2024, the program has become a much-loved tradition. Many schools have shown their creativity with fun, eye-catching collection bins that encourage families to join in.

This year, we celebrated a major milestone: 16 million milk caps collected. **Donations to local schools have reached \$800,000**—all thanks to the small but mighty milk cap!

Thank you to all of the schools, students, and families who make this program such a success. And if your school has fun photos of your cap collections, we'd love to see them—share them with us for a chance to be featured!

NOVEMBER

Give Thanks!

Dear Friends,

Earlier this fall, we had the joy of visiting Meiklejohn Elementary to celebrate their part in helping us reach our 16 millionth milk cap. The kids were so excited, especially when it came time for the cookies and milk party—it was such a fun treat to share with them!

Meiklejohn is using their Moooola funds to support their PARA Educator group, who help with literacy, safety, and classroom prep, as well as school supplies, instructional materials, and books. It was wonderful to see firsthand how this program benefits both students and teachers.

The kids' smiles and sharing their excitement reminds us how meaningful Milk Caps for Moooola is. Every cap really does count!

Take Care,

Katie
